

**ALERT #2024- 127**

**Attention: Staff Multifactor Authentication (MFA)**

We want to inform you of important changes to the Maryland Workforce Exchange (MWE) *staff* login experience to enhance security and data integrity.

**Change Overview:** Multi-Factor Authentication (MFA) will be implemented for Staff login on Friday March 8th. This additional layer of security is crucial to safeguarding our systems and ensuring the confidentiality of sensitive information.

With the MFA implementation, during the login process, you can choose to receive the verification code either through email or text message. If your staff profile has only one contact method, the corresponding verification option will be presented automatically. Select the method that suits you best. Verification is a one-time process per username at the given IP address.

## Account Verification

For your protection and security we have sent you a 6 digit verification code via Email. When you receive this code please enter it below. You will be asked for this verification once per device per location. You may be asked to enter a verification code again upon login if your location or device changes. Your message ID is **7CB9B**.

Your verification message has been sent by email [Please allow a few moments for delivery.](#)

**\* Please enter the 6 digit numeric verification code:**

Validate Verification Code

[Didn't receive the code? Send a new verification code to ch\\*\\*\\*\\*\\*@maryland.gov.](#)
